In continuation of my letter to you dated 29th May 1915,
in which I have stated that I am unable to accept the scholar-
ship so kindly granted to me by the Mysore Government this year,
I beg to explain that the principal reason for my not going to
England to finish my studies for Mechanical Engineering, now,
is the prevalence of War.

I am informed by my friends in England that most of the
students and professors have gone to the front; and there is no
possibility of getting a regular training at present, especially
as all the factories etc., where Mechanical Engineering train-
ing can be had are kept busy for preparing War Materials. I,
therefore, consider that all money spent on education under the
present conditions will be sheer waste.

If, however, the Mysore Government are pleased to post-
pone the grant till the War is over, and the conditions become
normal and more favourable for my receiving the training I want,

In reply to your D.O. letter No. 1245/Edn.2-14 of even date, I write to inform you that it was my opinion about the nature of the disease (Trachoma) that was recorded in the un-official file Edn. No.20-14 sent to me for opinion.

The candidate was not sent to me nor was I asked to examine him or ascertain the condition of his eye or eyes.

Yours sincerely,

D. V. M. S. S.

Bangalore, 14th September 1915

Dear Mr. D'Souza,

In my D.O. letter No.34 dated 9th July 1915 addressed to Mr. Balasundaram Iyer, I requested him to obtain the formal orders of Government to allow Mr. B.G. Appadorai Modaliar who was awarded a Foreign Scholarship tenable in America, to proceed to England instead of to America. No orders have yet been received from Government. Would you be so kind as to expedite the issue of orders, as Mr. Appadorai Modaliar has left for England in anticipation of the sanction of Government, and his scholarship has to be arranged to be paid to him in England.

Yours sincerely,

W. S. S. S. S. S.

Dear Sir,

In reply to your D.O. letter No. 1399, Edn. 2-14 dated 18-9-1915 which was received by me only yesterday, I enclose for the information of Government, a copy of Dr. B.C. Sreenivasacharya's letter of this date, giving his opinion on the nature of the eye complaint of Mr. Appadurai Moodr., I fully concur in the opinion expressed by Dr. Acharya. The disease being of a mild form may be cured and may not give the candidate any trouble at all.

Yours sincerely,

P. C. D. Souza

Letter dated 21st September 1915 from Dr. B.G.S. Acharya,
Winto Ophthalmic Hospital Bangalore, to the Senior Surgeon,
Mysore Government.

I examined Mr. B.C. Appadurai Moodr., B.A., an applicant for a foreign scholarship and found that he had Trachoma in a mild form in both eyes.

It does not affect his eligibility for Public Service. The disease is curable and one can never tell how long it will take to effect a cure. He may continue his work during the period of treatment if the eyes remain quiet, as it is quite possible for the eyes to get irritable off and on in this disease.
